

COLLABORATIVE SOFTWARE AS SUSTAINABLE SOFTWARE

Lessons from Open Source

OPEN SOURCE: PUBLIC & PARTICIPATORY

OPEN SOURCE: **PUBLIC** & PARTICIPATORY

- Public code
 - GitHub repository, bitbucket, others
- Public discussions
 - issues, mailing list, forum
- Public process
 - Pull requests, open review
- Open license

OPEN SOURCE: PUBLIC & **PARTICIPATORY**

- Better documentation
 - README.md, Roadmap, CONTRIBUTING.md
- Learning experiences
 - Code review, good first bugs

OPEN SOURCE: **PUBLIC & PARTICIPATORY**

- Higher quality
- Reusable
- Understandable
- **Sustainable**
